

Training

TRANSITS 1

Gaining a solid understanding in the main aspects of working in an incident handling and response team.

Date: 5 • 6 • 7 November 2024

Location: Esch-sur-Alzette (Belval district)

Fees: €1,000 exclusive of tax (including course materials, coffee breaks, three lunches and one evening meal)

Registration: communication@restena.lu

Information: www.restena.lu/en/event/transits1-2024

The TRANSITS 1 training targets interested IT personnel (SOC members, Project Managers, Risk Managers, IT Managers, Management) or new CSIRT personnel, who wish to gain a solid understanding of the main aspects of incident management and incident response.

Module description

- **Organisational** • How CSIRTs fit within their organisations and includes planning the team, defining its constituency, determining which services to offer, staffing, communicating with external parties, funding, and obtaining management authority.
- **Technical** • How intruders attack systems and their motivations, how network protocols can be abused, vulnerabilities of operating systems and services, denial-of-service attacks, hiding traces, and information gathering techniques. Includes several practical exercises.
- **Operational** • The incident handling process from initial reports, through triage, investigation, resolution, closure, to post-analysis. This includes practical exercises and a survey of useful tools.
- **Legal** • The European legislation likely to affect CSIRTs in their work, and that operatives should be familiar with: data protection, computer misuse, network monitoring, collection of evidence, and working with law enforcement agencies.

Schedule

5 Nov. 2024
